

# ***Treasure hunt***

The Winchester Press, Apr 21, 2010

A geocaching event is set to take place this Saturday (April 24), and two organizers were on hand at the meeting to tell council about it.

Tim Jackson and Ian Mitchell told the politicians about the high-tech treasure hunting game played throughout the world by adventure seekers equipped with GPS devices. Volunteers will be looking for these hidden treasures, while cleaning up trash, at the Cass Bridge Conservation Area off County Road 31.
