

## Embrun printing company invests in cutting-edge technology

**EMBRUN** – The province is providing \$127,000 to a commercial printing business in Embrun, helping it to invest in new technology and increase its competitive advantage, attract new customers and create jobs, announced

Glengarry-Prescott-Russell MPP Jean-Marc Lalonde on Friday, April 30.

By introducing a cutting-edge automated platform, Impressions Imprimerie-Printing Inc. will modernize production and target new mar-

kets. The province is providing \$127,710 to the company through the Eastern Ontario Development Fund to modernize and expand its business.

Established in 1986, Impressions Imprimerie-Printing Inc. specializes in graphic

design, website development and commercial printing. The company utilizes Forest Stewardship Council certified products.

The company's five-year, \$851,399 project will create five new jobs and retain 10 existing positions.
