## Web Based Mapping Project Assistant

Employment Period: June 2010 – February 2011 (potential for extension)

Compensation: ~ to be determined

35 hours per week

Reporting to the GIS Technician you will be responsible for undertaking a data management project and developing a web based mapping tool.

### GENERAL ELIGIBILITY REQUIREMENTS:

- Must be a recent graduate from a degree or diploma program relevant to Web based GIS Interface Mapping Technology.
- Proficient in working with ESRI software (i.e. ArcGIS, ArcIMS, etc.), word processing, spread sheets, graphics software.
- Must be able to program in Visual Basic and Python and experience in other HTML programming languages.
- Must be a resident of the Stormont, Dundas and Glengarry Counties.
- Must be under 30 years of age.
- Knowledge of Tomcat or Weblogic or Sun Glassfish and Apache Web Server or IIS.
- Knowledge of Java and Java Server Pages.
- Knowledge of LDAP.
- Excellent verbal, interpersonal and written communication skills.
- Strong analytical, problem-solving and decision making capabilities.
- Bilingualism (French/English) is an asset.
- Must have a valid driver's license.

### SUMMARY OF MAJOR TASKS:

- Assisting in the organization of existing GIS data/information.
- Assisting in the development of a user friendly computer interface.
- Provide technical assistance to support the greater use of GIS for monitoring and evaluation in developing a web based mapping tool.
- Assisting in the development of training sessions for implementation and use of the web based mapping.
- You will also be involved in report writing and other related activities and duties as assigned by your supervisor.

All duties must be performed in accordance with SNC Safety Policy and Procedures, as well as the Occupational Health and Safety Act and Regulations.

**Location:** This position will work out of the South Nation Conservation office in Finch, Ontario.
