Water Resources Analyst

Employment Period: August 2011 – December 2011 (potential for extension)
Compensation: ~ to be determined
35 hours per week

Reporting to the Director of Planning and Engineering, you will be responsible for various technical, analytical and data processing tasks in the general area of water resources engineering.

GENERAL ELIGIBILITY REQUIREMENTS:

- Graduate with Technology Diploma or Bachelors Degree in Water Resources, Engineering or a related field with an emphasis on water resources.
- Proficient in HEC-RAS and/or similar software.
- Excellent written and oral communication skills.
- Water resources experience is an asset.
- Knowledge of GIS is an asset.
- Bilingualism (French/English) is an asset.
- Must have a valid driver's license.

SUMMARY OF MAJOR TASKS:

- Perform a wide range of technical tasks related to hydrology, hydraulics, streamflow modeling, floodplain mapping, stormwater management and watershed management.
- You will collect and analyze relevant data and present engineering analyses using appropriate spreadsheet and GIS software.
- Make presentations to Board of Directors, Municipal Councils and the Public.
- You will also be involved in field surveys, report writing and other related activities and duties as assigned by your supervisor.

All duties must be performed in accordance with SNC Safety Policy and Procedures, as well as the Occupational Health and Safety Act and Regulations.

Location: This position will work out of the South Nation Conservation office in Finch, Ontario.

Forward Resumes by July 18, 2011 to:

Jason Symington, Environmental Technologist
38 Victoria St., Finch ON
K0C 1K0
Fax: (613) 984-2872 email: jsymington@nation.on.ca

Please quote "Water Resources Analyst" in the subject line. Resumes submitted via e-mail must be in Word or .pdf formats. Thank you for your interest in South Nation Conservation; however, only those candidates selected for an interview will be contacted.
