

Stewardship Student

Full time, Finch, Ontario

Hours: Monday-Friday (8:00 a.m.-4:00 p.m.)

Salary Range: TBD

Start Date: May 1, 2017

At South Nation Conservation (SNC) you will be immersed in a diverse professional environment, where you will thrive in a multi-disciplinary community that includes engineers, planners, biologists, foresters, and GIS technicians, among others.

SNC's strength lies in our experience performing and applying cutting edge science and research at the community level. Our entrepreneurial culture is a dynamic combination of government and private sector, in which you will have the scope to lead innovative projects to protect and enhance our local environment.

POSITION DETAILS:

The incumbent will work in a multi-disciplinary team environment. This position requires a working knowledge of: restoration, rehabilitation, and protection of water resources by providing technical assistance and support on a variety of stewardship projects. In addition to providing administrative support, such as organizing files and publications, duties may also include assisting with resource management programs by accompanying staff on field site visits to conduct various stewardship activities. The operation of boats and motors may be required while conducting the above functions. Knowledge of navigational systems (GPS) would be an asset. The assistant may work outdoors and in adverse weather conditions. This position will report to the Director, Science and Research.

WHAT YOU OFFER:

- Attending college or university; studying environmental, forestry, natural resource management or related field.
- Knowledge of forest management and ecological restoration principles.
- Terrestrial vegetation skills preferred.
- Experience in Geographical Information Systems (GIS), is an asset.
- Strong oral and written communication, organizational and administrative skills.
- Ability and willingness to work in the field, often in adverse conditions.
- Valid Ontario "G" Driver's License.
