General

Introduction

South Nation River Conservation Authority is the legal name of the corporation. In its place, the term, *South Nation Conservation* or, *SNC* may be used throughout this Policy.

The provisions of this Personnel Policy form part of the contract of employment for each Employee who works for SNC. Should the terms of this Personnel Policy conflict with the terms or conditions of any written contract of employment, the terms of the written contract of employment shall supersede the terms of this Personnel Policy.

This Personnel Policy should be interpreted to be consistent with SNC's obligations under the *Employment Standards Act, 2000*, of Ontario, as amended from time to time ("ESA"). Should the terms of this [Manual Policy](#) conflict with one or more provisions of the ESA, the provision(s) of the ESA shall prevail and the Policy in question shall be deemed to be amended accordingly.

Any questions or any matters not covered shall be submitted to the General Manager/Secretary-Treasurer. Any appeals or requests for changes to the Policy will be made through the person's Supervisor then to the General Manager/Secretary-Treasurer.

SNC reserves the right to change any terms, conditions, policies or procedures in this Personnel Policy at its discretion. Employees will be provided with any such amendments as they occur.

Employees are required to review and to be familiar with other SNC Policies, including, but not limited to, the Workplace Harassment and Discrimination Policy and the Health and Safety Policy.

1 - General Conditions of Employment

All Employees, Board Members, volunteers, contractors, etc. must comply with the applicable laws of Canada and Ontario and the applicable policies and regulations of SNC while on duty or representing SNC.

All Supervisors/Employees must file a factual report of any contravention of laws, policies, regulations committed by those for whom they are responsible. Such reports are to be forwarded to the General Manager/Secretary-Treasurer.

2 - Employment Contracts, Salary and Wage Administration

The General Manager/Secretary-Treasurer must approve any contracts or contract extensions needed to implement programs previously approved by the Board. Hiring not contained in pre-approved programs must follow SNC's Purchasing Policy regarding spending limits.

SNC's compensation practices shall follow the Ontario *Pay Equity Act*, as applicable.

New Employees normally start at 80% of the approved salary. However, the General Manager/Secretary-Treasurer may modify at which step of the grid new Employees will start.

The steps required to reach 100% of the salary grid shall be in 5 steps:

Step 1:	80% of step 5
Step 2:	1 st year anniversary 85% of step 5
Step 3:	2 nd year anniversary 90% of step 5
Step 4:	3 rd year anniversary 95% of step 5
Step 5:	4 th year anniversary 100%

A cost of living adjustment shall be made to all grids, except student rates, effective the first pay paid in July, based on the average cost of living adjustment of SNC Municipal partners, City of Ottawa, United Counties of: Stormont Dundas Glengarry; Prescott Russell; and Leeds Grenville as available on May 31st.

When acting assignments last more than four weeks, the Employee may request a salary review.

3 - Conflict of Interest and Gifts/Benefits

Conflict of Interest

An Employee must not have a conflict of interest in matters that affect SNC. Conflicts of interest arise when an Employee's interest, whether personal, business or professional, conflicts with the Employee's obligations to SNC. A conflict of interest may be apparent, potential or real and can arise in a personal or professional context, and may be financial or otherwise.

Employees shall perform their employment duties and arrange their private affairs in such a manner that will prevent real, potential, or perceived conflicts of interest from arising.

Employees shall not knowingly take advantage of, or benefit from, information obtained in the course of their official duties and responsibilities and that information which is not generally available to the public.

Conflicts of interest known to an Employee shall be reported to the General Manager/Secretary Treasurer. If an Employee is in doubt at any time as to whether something is or may become a conflict of interest, the Employee should discuss the situation with the General Manager/Secretary Treasurer to obtain direction on how to proceed.

Gifts/Benefits

Except as provided below, an Employee shall not personally accept, either directly or indirectly, a gift or benefit of a value that is greater than \$100 that is related to the Employee's position or that is related to his or her performance of the duties of that position without first obtaining the written permission of the General Manager/Secretary-Treasurer.

An Employee may however personally accept a gift or benefit without having first obtained such written permission provided that:

- i. the acceptance of the gift or benefit will not bring the Employee's integrity or the integrity of SNC into question;
- ii. the acceptance of the gift or benefit is in SNC's best interest; and
- iii. the acceptance of the gift or benefit is part of the protocol or social obligation that normally accompanies an Employee's responsibilities in all of the circumstances.

A breach of this Policy may lead to disciplinary action up to and including termination of employment for just cause.

4 - Hiring Relatives and Close Friends

Applicants for employment with South Nation Conservation who are relatives or close friends of any Employee or Board Member of the Authority will receive neither greater than, nor less than, an equal opportunity for employment to that of any other applicant. Employees shall advise the General Manager/Secretary-Treasurer of any situation that would place the Employee in a supervisory position over a member of the Employee's immediate family (parent, sibling, child, spouse, including common-law spouse).

5 - Overtime

Employees may be asked to work overtime hours from time-to-time. All overtime hours must be approved by the Employee's Supervisor in advance of such hours being worked.

If an Employee is required to work overtime in excess of the Employee's regular hours of work, the Employee shall be provided with one hour of paid time off for each hour worked up to 44 hours per week.

Employees agree that if they are required to work overtime in excess of 44 hours per week, they shall be provided with 1.5 hours of paid time off for each hour worked in excess of 44 hours per week. Employees may however be provided with overtime pay rather than paid time off from time to time, at the discretion of the General Manager/Secretary-Treasurer.

Accrued time off must be used within 12 months of when it was earned, after which time the Employee will be paid for any accrued but unutilized time. An Employee must receive his/her Supervisor's written approval prior to taking accrued paid time off.

Supervisors reporting directly to the General Manager/Secretary-Treasurer, and other Employees who are exempt from the overtime provisions of the *Employment Standards Act* are not eligible for overtime pay.

6 - Holidays/Vacations

Statutory Holidays shall include:

New Year's Day	Family Day	Good Friday
Easter Monday	Victoria Day	Canada Day
Civic Holiday	Labour Day	Thanksgiving Day
Remembrance Day	Christmas Day	Boxing Day

A holiday falling on a Saturday or Sunday shall be taken on the following Monday.

Employees must work their scheduled day of work before and after the holiday to qualify for a paid holiday. A qualified sick day (with doctor's note if required by their Supervisor), vacation day, or time off in lieu of overtime is considered a worked day.

Annual Vacation

All staff vacations shall be arranged to the satisfaction of their Supervisor. No vacation may be scheduled during an Employee's probationary period.

An Employee's minimum annual vacation is calculated monthly on an earned basis. The vacation allotment for indefinite term employees is as follows:

- i. Beginning from the date of hire, with SNC, the Employee will be entitled to vacation time on the basis of 1.25 days per month to a maximum of 15 days per year. Vacation pay is calculated on the basis of 6% of wages earned in the previous calendar year.
- ii. Beginning in the 9th full calendar year of employment with SNC, the Employee will be entitled to vacation time on the basis of 1.67 days per month to a maximum of 20 days per year. Vacation pay is calculated on the basis of 8% of wages earned in the previous calendar year.
- iii. Beginning in the 17th full calendar year of employment with SNC, the Employee will be entitled to vacation time on the basis of 2.08 days per month to a maximum of 25 days per year. Vacation pay is calculated on the basis of 10% of wages earned in the previous calendar year.
- iv. Beginning in the 22nd full calendar year of employment with SNC, the Employee will be entitled to vacation time on the basis of 2.5 days per month

to a maximum of 30 days per year. Vacation pay is calculated on the basis of 12% of wages earned in the previous calendar year.

Employees must take a minimum of ten (10) days of vacation every year. All other vacation earned but not taken by the end of the vacation year shall be forfeited. Employees may be permitted, with the prior written approval of the General Manager/Secretary-Treasurer, to transfer up to 5 unused vacation days to the next calendar year. Under special circumstances, the General Manager/Secretary-Treasurer may allow additional days to be transferred if requested.

Neither vacation time nor pay will accrue for Employees on unpaid leaves of absence except as required by the *Employment Standards Act*.

The vacation year shall be from January 1 to December 31.

Where an Employee qualifies for sick leave (as certified by a doctor) during his/her period of vacation, there shall be no deduction from vacation credits for such absence. By mutual agreement between SNC and the Employee, the period of vacation so displaced shall either be added to the vacation period or be reinstated for use at a later date. Any such reinstatement must be scheduled within the same calendar year where possible.

7 - Group Insurance and Pension Contributions

Group Insured Benefits Plan

All Employees must participate in SNC's Group Insured Benefits Plan unless a waiver is obtained or unless they do not meet the eligibility requirements of the Benefits Plan. Enrolment will commence according to the qualifying terms and conditions of the Benefits Plan.

Summer students are not eligible for and do not receive insured group benefits.

Definite term contract Employees must pay 20% of the premium cost for insured group benefits. Such Employees are not eligible for long term disability coverage.

Indefinite or indeterminate Employees must pay 15% of the premium cost for insured group benefits.

The Employees' share of the premiums is deducted from Employees' pay in accordance with SNC's standard payroll practices that may be changed from time to time.

All decisions with respect to entitlement to coverage and eligibility for benefits are at the sole discretion of the Insurance Carrier and SNC's only obligation is to pay its share of the

premiums. SNC reserves the right to change carriers and the terms of the benefits.

Long Term disability (LTD)

LTD eligibility is at the discretion of SNC's insurance carrier.

SNC will review the situation of an Employee on LTD from time-to-time to determine if the Employee will be able to return to work within a reasonably foreseeable period of time. Should the review determine that a return to work is not possible in the reasonably foreseeable future; the Employee's employment will be administratively terminated on the basis of frustration of contract.

Employees on LTD must submit satisfactory medical certificates from their treating physician at least annually or more frequently as requested by SNC or the insurance carrier to verify the illness/injury and to allow for assessment of the possibility of return to work.

Employees' insured benefit coverage may continue for up to two years following the commencement of LTD leave, at the discretion of the Benefits Plan carrier, provided the Employee

- i. Remains an Employee of SNC, and
- ii. Provides SNC with post-dated cheques to cover the Employee portion of the premiums/contributions for the duration of the leave. Employees who do not provide post-dated cheques will not have benefits coverage.

Pension Contributions

OMERS

As of January 1, 2019, SNC is an OMERS (Ontario Municipal Employees Retirement System) employer.

An Employee may qualify to participate in the OMERS pension plan, subject to the plan documents and the Employee's satisfaction of the eligibility requirements. If the Employee is eligible for and enrolled in the OMERS pension plan then, as of the date of the Employee's enrolment:

- All OMERS contributions and benefits will be in accordance with and subject to OMERS legislation, plan documents, rules and directives, as amended from time to time;

- The Employee will not be eligible for the 9% contribution to the Employee's GRRSP, TFSA and/or RESP account;
- If the Employee's employment ceases for any reason whatsoever, the Employee's rights and entitlements regarding the OMERS pension plan shall be governed by the terms of the OMERS legislation, plan documents, rules and directives, as amended from time to time.

Eligible continuous full-time employees whose employment begins on or after January 1, 2019, will be enrolled in the OMERS pension plan effective from the first day of employment.

Other-than-continuous full-time employees who wish to join the OMERS pension plan can only opt in if they are eligible, as defined by the OMERS pension plan documents.

Eligible employees whose employment with SNC began prior to January 1, 2019, must either opt into OMERS, or waive their right to participate in OMERS. If they waive their right, they may opt in at a future time subject to plan eligibility requirements. Once an employee is enrolled in OMERS, as per plan rules, they cannot opt out.

RRSP Contributions

The following only applies to employees who are not enrolled in the OMERS pension plan. Note that summer students are not eligible for contributions.

SNC will contribute up to 9% of the gross salary of eligible employees into SNC's Group Registered Retirement Savings Plan (GRRSP). SNC's contribution will be on a matching basis, with the employee contribution made to either the GRRSP or to his/her Tax Free Savings Account (TFSA), or Registered Education Savings Plan (RESP).

The only contributions that can be made on a pre-tax basis by payroll deduction, are those made to the GRRSP (both SNC and employee contribution.)

Change to an employee's contribution options to their GRRSP, TFSA, and RESP will be annual, if requested. It is the employee's responsibility to notify SNC of contribution changes prior to the second Friday in December. Change will be effective the second pay paid in January.

SNC will continue to match an Employee's contributions to his/her GRRSP contributions, to a maximum of 9% of the Employee's pre-leave salary, and to a maximum of one-year, while the employee is either on SNC's Supplemental Unemployment Benefit Plan, or on SNC's LTD plan. To be eligible for matching contributions, the Employee will need to provide evidence that he/she has made his/her GRRSP contributions. Please note that receipt of this benefit may affect the amount of LTD benefits and the employee should

contact the Benefits Plan carrier for clarification.

Please note that it is the employee's responsibility to ensure they have adequate contribution space available in their RRSP. The SNC's matching contributions are subject to the employee's confirmation that they have available room.

8 - Absence Due To Illness

Personal Leave

Personal leave can be used by employees other than summer students for employee's personal sick leave, family responsibility and/or bereavement leave, as defined by the ESA. SNC goes above and beyond the requirements of the unpaid leaves in the ESA and provides employees other than summer students up to 12 days of paid personal leave per calendar year, accrued on a pro-rated basis at a rate of 1.0 days per month worked. Paid personal leave days may be taken at any time, but if employment is terminated with a negative balance, any used but unearned paid personal leave days will be owed to SNC and may be deducted from the employee's final pay. Note that employees may be required to produce a satisfactory certificate from their treating physician for an absence due to illness/injury in excess of three days or if the absence is otherwise questioned by the SNC.

Summer students are eligible for unpaid leaves in accordance with the ESA.

Family responsibility and bereavement leave are available with respect to family members of employees. "Family member" is as defined by the ESA.

Sick leave is available to be used by employees due to their own illness, injury or medical emergency.

Employees must advise their supervisor or designate that they wish to take personal leave. If an employee must begin the leave before doing so, then the employee is required to advise their supervisor or designate as soon as possible after beginning the leave. The Employer may require an employee who takes personal leave to provide evidence reasonable in the circumstances that the employee is entitled to the leave.

Unused personal leave may not be carried over to the next calendar year and will not be paid out upon termination of employment.

Short Term Disability (Supplemental Unemployment Benefit (SUB) Plan)

Short Term Disability benefits are provided through a Supplemental Unemployment Benefit (SUB) plan, registered with Service Canada. SNC's SUB plan meets the requirements of article 37 of the Employment Insurance Regulations and provides supplemental payments to Employment Insurance (EI) benefits during a period of non-work related illness or injury. This plan does not cover absences due to the illness of Employees' family members.

Only the following Employees are eligible for the SUB plan (provided other eligibility criteria are met):

- i. Employees who are employed on an indefinite term basis; and
- ii. Employees who are employed on a fixed term basis for a period that is greater than twelve months.

An Employee who is unable to perform the essential duties of his/her position solely because of non-work related illness or injury is considered to be "totally disabled". Work related illness or injury will be managed through WSIB. The SUB plan is available to totally disabled employees who are in receipt of EI sickness benefits and provides top up payments to a total of 75% of the employee's normal weekly earnings, paid through regular bi-weekly payroll. Employees must provide SNC with proof that they are in receipt of EI.

There is a 2-week waiting period which begins the first week for which benefits would otherwise be payable. During this time any remaining sick days will be used. Employees may then choose to use accrued paid time. However, the use of such time may affect the start of the waiting period and/or the amount of benefits payable following the waiting period. Otherwise the time will be unpaid.

The SUB plan will provide payments up to 75% of normal weekly earnings, and subject to termination as outlined below, when the employee is not in receipt of EI benefits, and:

- has insufficient hours of insurable employment to qualify for EI benefits; or
- has exhausted the EI benefit entitlement

The SUB plan benefit will be terminated upon the earlier of the following:

- i. The conclusion of the period of total disability;
- ii. The date on which the Employee is no longer eligible for SUB plan benefits;
- iii. After 15 weeks of total disability (at which time they may be eligible for Long Term Disability);
- iv. The Employee's receipt of long term disability;
- v. The Employee's retirement, resignation, death or dismissal for cause;

- vi. At the conclusion of the notice period, where notice of termination of employment on a without cause basis has been provided prior to the commencement of an absence due to total disability.

The SUB plan benefits are administered by SNC. SNC will treat an employee's personal health and personal information received in the course of administering this plan as strictly confidential. Appropriate safeguards will be put in place to protect the information. An employee's personal health information will only be used by, and disclosed to, those who are required to have access to such information for the purpose of administering this Policy.

Receipt of SUB plan payments is not automatic. To be eligible, an Employee must provide a satisfactory medical certificate which:

- i. indicates that the Employee is unable to perform the essential duties of his/her position solely because of non-work related illness or injury;
- ii. provides the Employee's anticipated return to work date; and
- iii. is signed by a licensed physician.

When an Employee is in receipt of SUB plan payments, SNC may contact the Employee for additional or updated medical documentation and the Employee may be asked to provide his/her consent so that SNC can contact the Employee's treating licensed physician for additional and/or updated medical documentation to substantiate the current medical condition. Employees are expected to make every reasonable effort to provide SNC with current and complete information required to determine entitlement to SUB plan payments, to comply with the treatment plan recommended by the Employee's licensed physician and to return to work in a timely fashion in accordance with medical recommendations.

Employees will not be eligible for SUB plan payments if they:

- i. Are not under the care of a licensed physician;
- ii. Are in receipt of maternity, parental or compassionate care benefits under the Employment Insurance Act or the illness or injury is covered by the Canada Pension Plan or the Quebec Pension Plan;
- iii. Are in receipt of WSIB benefits or similar benefit;
- iv. Have cosmetic or plastic surgery solely for cosmetic purposes, except where attributable to illness or injury; or
- v. Are engaged in employment or other work for wage or profit while receiving SUB plan payments.

SNC may deny, suspend or discontinue SUB plan payments, or commence recovery of

SUB plan payments that have been paid to an Employee when:

- i. The medical evidence provided is incomplete or is not sufficient to support the claim of total disability;
- ii. The Employee refuses to participate in an Independent Medical Examination or fails to attend a scheduled Independent Medical Examination without an explanation that is satisfactory to SNC;
- iii. The Employee fails to comply with his/her licensed physician -recommended treatment plan including but not limited to a failure to return to work on the date specified by the Employee's licensed physician;
- iv. The Employee or his/her licensed physician fails to respond to information requests from SNC within a reasonable period of time;
- v. The available evidence (including non-medical evidence) indicates that the Employee's claim is not valid.

Interrupted periods of total disability will be considered a single period of total disability if the Employee returns to full-time hours and regular work duties for a period of time that is less than two consecutive weeks *if the second or subsequent period of total disability is due to the same or related non-work related illness or injury.*

Employees' insured benefits coverage may continue while the Employee is off work and in receipt of SUB plan payments, at the discretion of the Benefits Plan carrier, provided the Employee (i) remains an Employee of SNC, and (ii) provides SNC with post-dated cheques to cover the Employee portion of the premiums/contributions for the duration of the leave. Employees who do not provide post-dated cheques will not be eligible for continued benefits coverage.

An Employee is expected to return to work once the period of total disability has concluded or if the Employee is no longer eligible for SUB plan payments. The Employee is required to present a medical certificate from his/her treating physician indicating that the Employee is able to perform the essential duties of the job and is fit to return to work prior to his/her return to work.

SNC's contributions for the SUB plan may be reduced if overlapping payments (for example from other insurance policies), regardless of origin, pay more than the 75% of an employee's pre-SUB plan gross earnings including EI payments.

Please note that work-related illness/injury should be processed through the Workplace Safety and Insurance Board.

9 - Leaves of Absence

An Employee may, on the approval of the General Manager/Secretary Treasurer, be

granted a leave of absence with or without pay when Employees are:

- Running for, elected, or appointed to public office, societies, non-profit organizations, etc. for attendance at meetings and/or conferences;
- Acting as a consultant, lecturer, advisor, or working in their trade and accepting remuneration for such activity, so long as no actual or perceived conflict exists. No SNC resources are to be used and the Employee is not to be paid directly or indirectly by SNC; or
- Otherwise requesting personal leave.

Subject to the terms of the benefits plans and the approval of the insurer, an Employee on such an approved leave of absence without pay may be eligible to continue participation in the insured group benefits plan if the Employee provides SNC with post-dated cheques for the Employee and the employer portion of the required premiums for the duration of the leave of absence. Employees who do not provide such post-dated cheques will not be eligible for continued insured benefits coverage during such leaves of absence.

SNC will not make pension contributions during any such unpaid leaves of absence.

10 – Absence without Leave

An Employee who is absent from work without permission and without sufficient justification for a period of five or more consecutive working days may have his/her employment terminated on the basis that the Employee has abandoned his/her position.

11 - Drug and Alcohol Policy

Overview

SNC is committed to promoting the health, safety and wellness of its employees and the public by providing a safe work environment.

The use of illicit drugs and the inappropriate use of alcohol, cannabis or medications can adversely affect an employee's ability to work, which may have serious adverse effects on the safety, efficiency and productivity of employees.

Employees have the responsibility to report to work capable of performing their tasks productively and safely. Impairment from drugs, alcohol and medications can have serious adverse impact on the workplace.

SNC has established this Policy in order to balance our respect for individuals with the need to maintain an impairment-free work environment.

Guidelines

All employees are required to perform their job safely, report to work fit for duty and remain fit for duty at all times during working hours and/or while on SNC business. To minimize the risk of unsafe performance due to impairment from alcohol, cannabis, prescription or over-the-counter medication, or other drugs, all employees are required to adhere to the following standards.

Alcohol and Cannabis

The following are strictly prohibited while on SNC property, operating an SNC vehicle, during working hours, at SNC-sponsored events, and whenever an employee is representing SNC or conducting SNC business:

- Being under the influence of alcohol or recreational cannabis
- Consuming alcohol or recreational cannabis
- Possessing, distributing, offering or selling alcoholic beverages or recreational cannabis.

Medications

All Employees are expected to use prescribed and over-the-counter medications responsibly, including prescribed medical cannabis. The intentional misuse of medications (for example, using the medication other than as prescribed, using someone else's prescribed medication, or combining medication and alcohol use against direction) while on SNC property, operating an SNC vehicle, during working hours, at SNC sponsored events, and whenever an employee is representing SNC or conducting SNC business, is prohibited.

Employees are required to investigate through their doctor or pharmacist whether a medication can affect their ability to work safely and take appropriate steps to minimize associated risks. Employees must report any requirement for modified work due to the risk of impairment from use of medication to SNC and follow any recommended course of action to minimize safety risks.

Other Drugs and Improper Use of Medication

The following are strictly prohibited while on SNC property, operating a SNC vehicle, during working hours, at SNC sponsored events, and whenever an employee is representing SNC or conducting SNC business:

- Being impaired by drugs, including cannabis

- Using, possessing, distributing, offering or selling illegal drugs
- Possessing prescription medication without a legally obtained prescription
- Distributing, offering or selling prescription medications

An employee must never use, possess, sell, distribute, manufacture or transfer illegal controlled substances on SNC premises, or during non-working time if their activities could affect SNC's reputation.

Details

Compliance with this Policy is a condition of employment with SNC. SNC applies this policy equally to anyone working on SNC premises including full- or part-time employees, temporary or term employees, contractors and consultants.

When there are reasonable grounds to believe that an employee is unfit for work due to impairment, the employee will be escorted to a safe place and given the opportunity to explain why he or she appears to be in an unfit condition. If the manager conducting the interview still believes that the employee is unfit for duty, one or more of the following steps may be taken:

- The employee will be referred for medical attention if there are immediate medical concerns;
- The employee may be reassigned or sent home for the day;
- The employee may be placed on a leave of absence until they provide documentation from a qualified medical practitioner certifying that the employee is fit to return to work safely.

SNC will conduct an investigation into any suspected or confirmed violation of this Policy. An employee may be placed on leave (with or without pay, depending on the circumstances) while the investigation is being conducted. When a policy violation is found, the consequences will depend on the nature of the violation and the employee's circumstances, and may include:

- Temporary removal from the employee's position or placement in another position, with or without modified duties
- Medical assessment to determine the need for a treatment program
- Medical leave of absence in order to obtain treatment
- Fitness for return to work assessment
- Terms upon which the employee will be permitted to return to work
- Discipline up to and including termination

SNC recognizes that alcohol and drug dependence are treatable illnesses. SNC encourages employees to seek help if they are concerned that they or a family member may have a drug and/or alcohol problem. We all share responsibility for

maintaining a safe and productive alcohol and drug free workplace. All employees are responsible for compliance with this policy and for:

- Always striving to keep the work environment safe
- Supporting fellow co-workers in seeking help
- Reporting dangerous or suspicious behaviour to their supervisor or SNC

Notwithstanding the foregoing, SNC may approve the consumption of alcohol at social events sponsored by SNC from time-to-time. Employees are to exercise reasonable judgment at such events. Employees who consume alcohol and do not have a designated driver may use a taxi service or stay at a nearby hotel if the employee lives out of town. SNC will provide reimbursement of the taxi fare or a contribution towards the room charge for the night.

- a. Verbal reprimand;
- b. Written reprimand;
- c. Suspension with or without pay;
- d. Termination for just cause.

Depending on the severity of the misconduct any of the above steps may be omitted.

13 - Transportation

SNC owns vehicles to use for SNC business. When unavailable, Employees are required to use their own vehicles and will be reimbursed at the current per kilometre rate as defined by the Canada Revenue Agency. The Health and Safety Policy outlines the procedures each staff must use prior to driving an SNC vehicle.

Company Vehicles

Some Employees may be provided with vehicles for the purpose of performing their duties. SNC vehicles may not be used for personal use without prior approval. Only authorized Employees may operate SNC vehicles, and Employees must hold a valid driver's license for the class of vehicle they are driving.

Employees are required to use their seatbelts while operating SNC vehicles. There shall be no smoking in any SNC vehicles.

Employees must notify SNC immediately of any change in the status of their driving record such as a license suspension or expiry.

Misuse of an SNC vehicle or operation of such a vehicle in violation of related company guidelines or the law, whether or not on SNC business, such as driving while under the influence of alcohol or drugs, is strictly prohibited. SNC has a zero tolerance for any Employee who is cited for driving under the influence while operating a SNC vehicle.

Any Employee whose duties include the operation of SNC vehicles who becomes uninsurable under the company's liability Policy will be considered to have an unacceptable driving record and his/her continued employment will be subject to review.

If an Employee receives a moving violation while operating a company vehicle, or receives a parking ticket, the Employee will be responsible for paying any related fine or penalty.

Personal Use

No one shall use or permit the use of SNC vehicles or equipment for any purpose other than the authorized business of SNC, except as approved by the General Manager /Secretary-Treasurer.

Use of Wireless Communication Devices when Operating a Vehicle

SNC is committed to maintaining a safe work environment for its workers. The use of wireless communication devices when operating a vehicle may cause distractions. These distractions may prevent workers from concentrating 100% on the safe operation of the vehicle and may lead to accidents. To help ensure the safety of our workers and the public, SNC is restricting the use of wireless communication devices when operating a vehicle. These devices include cell phones, ~~Blackberries, other mobile~~ or ~~smart phones~~ other mobile devices, text pagers, two-way radios, and any other wireless communication devices.

The Ontario *Highway Traffic Act* prohibits drivers from using hand-held wireless communication devices (such as cell phones and Blackberries) and hand-held entertainment devices (such as iPods, or PlayStation Portables). The Act also prohibits display screens in vehicles—such as DVD or MP3 players and laptop computers—if they are visible to the driver and unrelated to the driving task. Hands-free devices such as headphones, or Bluetooth devices, as well as Global Positioning Systems, if used to provide navigation information, are exempt from the ban. The following are the guidelines that Employees must follow when operating a vehicle in the course of their duties:

- i. Wireless communication devices shall not be used when operating a vehicle when traveling on or conducting SNC business. This restriction applies to:
 - business-related and personal communications,
 - company-owned or personal wireless communication devices, and
 - company-owned, personal, or rental vehicles.
- ii. Cell phones with voice-activated, hands-free features may be used when operating a vehicle in the following circumstances. Examples are: voice-activated, hands-free headsets or car radio blue tooth devices. Calls may be received or placed when using these devices only in cases where the driver determines communication to be urgent, necessary and safe, having regard to all the circumstances.

14 - Travel Regulations

From time to time SNC Employees and Board Members are required to travel and to incur expenses in the performance of their job responsibilities. The following shall serve as the guidelines for approved business travel.

1. Employees/Board Members should arrange their travel so that travel occurs during working hours or during such other hours so as to best avoid incurring overtime. All travel must be by the fastest and most direct means/route possible to minimize time away from the office. The total cost of travelling, including overtime, should be taken into account when planning travel. Employees are required to obtain their immediate Supervisor's approval of their travel itinerary, including the time of day/week of travel.
2. Whenever possible, air/rail or other means of travel must be booked sufficiently in advance to take advantage of discount rates.
3. Employees/Board Members that are authorized to use their personal automobile for approved SNC travel will be reimbursed at the approved SNC rate per kilometer, which is based on Canada Revenue Agency directives. Mileage will not be paid for travel to and from the workplace unless it includes work-related travel.

#15 – Computer Use, and Internet Use, and Electronic Monitoring Policy

Employees have access to e-mail and the internet in order to meet SNC's business requirements. Employees are expected to utilize company-provided devices and systems in a professional, business-like manner. "Devices" includes but is not limited to smartphones, tablets, desk top computers and laptops. All use of company-provided devices and systems shall be done in a manner which retains the integrity and professionalism of SNC.

There are constant and increasing risks to SNC's devices and systems. Viruses or hackers may, for example, enter the systems and cause substantial damage. This damage may include loss or incorrect transmission of data, breakdown of computer equipment and/or loss of confidentiality of proprietary data. Improper use of company-provided devices and systems increases the risks to the integrity of the systems. This Policy outlines SNC's expectations regarding acceptable use of our devices and systems.

Employees are reminded that when sending or receiving e-mail from SNC's facilities, they are identified as an employee of SNC. All e-mails shall be consistent with SNC's reputation, standards and other workplace rules. Copies of business e-mails sent and received shall be maintained in appropriate files.

Company-provided devices and systems are to be utilized for *bona fide* business purposes. While SNC acknowledges that employees may send or receive an occasional personal e-mail or utilize the internet for personal matters on an incidental basis during breaks and before and after outside their shiftwork hours, it is expected that employees will act responsibly and in the best interest of SNC when using company-provided systems and devices.

Some examples of unacceptable or inappropriate personal use would include but are not limited to the following:

- i. Using SNC's facilities in conflict with our business objectives, such as to operate a personal business or to seek alternate employment;
- ii. Broadcasting personal points of view such as commentaries on social or political issues;
- iii. Sending e-mail chain letters;
- iv. Participating in internet chat groups;
- v. Using SNC's equipment and facilities to buy or sell items; and
- vi. Using SNC's equipment and facilities to participate in on-line games.

Employees shall not use company-provided devices and systems for any illegal, unethical or immoral purposes. For example, SNC's devices and systems shall not be used to access child pornography, obscenity or hate literature and shall not be used to transmit defamatory, derogatory or false messages.

Employees are reminded of the obligations contained in the Ontario *Human Rights Code* and employees' right to freedom from discrimination and harassment in employment. Employees shall not access or download material which might reasonably offend their co-workers or send, store or transmit offensive, objectionable, pornographic, obscene, sexist, racist or provocative messages. Employees are reminded not to send threatening or demeaning messages or to circulate jokes which might reasonably offend a co-worker.

Employees shall not share personal information concerning themselves or their co-workers via the internet. Internet and e-mail access shall not be utilized to communicate any confidential or sensitive information about SNC unless prior approval is obtained from the General Manager/Secretary Treasurer or his delegate.

Employees shall not download software from the internet unless prior management approval is obtained. Employees are not to participate in any use of SNC's systems or devices which might infringe copyright, other intellectual property rights or licensing agreements.

Employees shall not utilize SNC's systems or devices in a manner which may compromise the integrity of the system or the performance of devices. All e-mail attachments shall be checked to ensure that they remain free from viruses before they are opened or downloaded.

SNC assumes no responsibility or liability whatsoever for any unauthorized use of software, information or materials sent, received or transmitted through the internet or e-mail.

All employees are responsible for activity which takes place using their user I.D. and password. Employees shall not provide any other individuals with their user I.D., password, or access to their computer account, including e-mail and internet accounts, unless prior approval is obtained by the General Manager or his delegate. Such approval shall be granted in exceptional circumstances only.

Employees shall not access another user's internet or e-mail account without the approval of the General Manager or his delegate, save and except as set out herein.

An employee may use their personal device(s) in the performance of their job duties ("personal devices") on the understanding that the use of a personal device in connection with SNC's business is a privilege granted to employees through approval of management. Employee must receive written consent prior to using a personal device to access SNC data. SNC reserves the right to revoke this privilege in the event that users do not abide by the policies and procedures set out in this policy. Users of personal devices must agree to all terms and conditions in this policy to be allowed access to those SNC networks. SNC reserves the right to disable or disconnect some or all of its remote

services without prior notification to the employee. References to the word “device” in this policy include but are not limited to smartphones, tablets, and laptops.

Users of personal devices are responsible for keeping their devices current and this includes, but is not limited to, ensuring the device has all recent security, software and firmware updates. Any device which is used to access SNC systems and/or networks must be equipped with a password lock. Only SNC employees will be permitted to access company data on personal devices. Should the employee lose or report their personal device stolen, SNC must be notified as soon as possible to prevent unauthorized access to the network from the missing device. Employees are responsible for notifying their mobile carrier immediately upon loss of a device.

~~SNC intends to monitor company-provided systems and devices, as well as employees' personal devices.~~ SNC monitors company-provided systems and devices as well as employees' personal devices via standard network monitoring tools necessary for the operation and maintenance of company systems, network firewalls, and servers. As a condition of being given access to company-provided systems and devices, and as a condition to using personal devices for SNC business, employees consent that SNC may intercept, access, retrieve, read, disclose, and use any telephone or voice mail communications and/or computer systems activity, including internet access and electronic mail, whether on a company-provided system or device or on a personal device, for the following purposes:

- to monitor excessive recreational use while employees are at work and/or using company-provided systems and devices;
- to engage in technical maintenance, repair and management;
- to investigate a breach of an employment contract or policy;
- to meet a legal requirement to produce documents, including by engaging in e-discovery;
- to ensure continuity of work processes;
- to improve business processes and manage productivity; and
- to prevent misconduct and ensure compliance with the law.

Employees shall have no reasonable expectation of privacy in their use of SNC's devices and systems. Employees who want their communications to remain private should not utilize SNC's computer facilities or equipment for such private communications. Employees recognize that they have a diminished expectation of privacy when using their personal devices to full job functions.

Any violations of this Policy as a whole, or in part, may result in disciplinary action which may include, but not be limited to, termination of employment or contract and/or such other legal actions as may be warranted in the circumstances.

Reporting

SNC encourages the reporting of harassment and discrimination. An employee who believes that he/she has been subjected to discriminatory or harassing behaviour is encouraged to follow the steps outlined below:

1. Prior to filing a formal report of an incident, the employee should tell the other person(s) that the behaviour is unwelcome and that it should stop, either directly or with the assistance of a third party, such as the employee's immediate Supervisor. The employee should carefully record details of all incidents including the date and time of the incident, the nature of the incident, and names of people who may have been witnesses.
2. The employee may ask for support from his/her Supervisor to communicate his/her objections to the incident(s) to the other person(s) and/or to prepare and submit a formal complaint if they choose. If appropriate, the employee should attempt to maintain a respectful relationship and in any event, avoid rumours, retaliation or escalation of ill-will.
3. If the behaviour does not stop after the employee has spoken to the person(s), the employee may choose to file a formal complaint outlining the particulars of the allegations to the General Manager/Secretary-Treasurer or the Senior Supervisor of their department. The complaint should be in writing, using the Workplace Violence and Harassment Incident Report, signed by the individual making the complaint and providing as much detail as possible, including who, what, where, when and the names of any witnesses.
4. If the General Manager/Secretary-Treasurer is the alleged harasser then the employee may file a formal complaint to the Chair of the Board of Directors of the SNC.
5. Formal complaints shall be filed within a reasonable period of time following the incident(s) complained of. Please note that anonymous complaints may not be investigated.

Investigation of Complaints

All reports of harassment and discrimination will be taken seriously and will be documented and if the allegations constitute a violation of this Policy, they will be investigated. The form of investigation will depend on the circumstances and may involve appropriate law enforcement or other competent person as determined by SNC, taking into consideration the nature of the harassment or discrimination and the concerns of employee(s) who experienced the harassment or discrimination.

1. Upon receipt of a formal written and signed complaint of harassment or discrimination, the General Manager/Secretary-Treasurer will assign the investigation to an internal or external person to investigate.
2. The Respondent should be advised that the above steps have been taken and to refrain from discussing the complaint with anyone other than those involved in the investigation.
3. The investigation may include interviewing the complainant and the respondent as soon as possible, interviewing any witnesses, reviewing relevant documents and other materials and producing a final report detailing findings and recommendations (if any).
4. Following the investigation, the investigator may make a finding of:
 - a. sufficient evidence to support a finding of violation of this Policy,
 - b. insufficient evidence to support a finding of violation of this Policy, or
 - c. no violation of this Policy.
5. Upon being advised of the investigator's findings, SNC will determine whether any action is required which may include preventive, corrective and/or disciplinary action.

Confidentiality

Confidentiality is required to properly investigate an incident and to offer appropriate support to all parties involved: only those on a "need to know" basis will be advised of the complaint and/or investigation. Information about an incident or complaint of workplace harassment, including identifying information about any individuals involved, will not be disclosed unless the disclosure is necessary for the purposes of investigating or taking corrective action with respect to the incident or complaint, or is otherwise required by law. SNC will endeavour to maintain confidentiality to the extent possible; employees are advised that gossiping about an incident will not be tolerated. Those with questions or concerns should speak to the General Manager/Secretary-Treasurer, or their department's

These protections apply to anyone who cooperates in the investigation of the complaint. Disciplinary action may be taken against an employee who takes any reprisal against an employee who reports harassment or discrimination.

Complaint to the Human Rights Tribunal

Employees who believe that they have been subject to harassment or discrimination that is based on a prohibited ground under the Ontario *Human Rights Code* are encouraged to follow the reporting procedures under this Policy. However, nothing in this Policy prevents an employee from filing an application with the Human Rights Tribunal of Ontario within one year of the alleged incident.
