INDEPENDENT AUDITOR'S REPORT

To the Members of South Nation River Conservation Authority

We have audited the accompanying financial statements of South Nation River Conservation Authority, which comprise the statement of financial position as at December 31, 2010, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting policies prescribed for Conservation Authorities in Ontario by the Ministry of Natural Resources, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Generally Accepted Auditing Standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

INDEPENDENT AUDITOR'S REPORT (continued)

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of South Nation River Conservation Authority as at December 31, 2010, and the results of its operations and its cash flows for the year then ended in accordance with accounting policies prescribed for Conservation Authorities in Ontario by the Ministry of Natural Resources.

Basis of Accounting and Restrictions on Use [and Distribution]

These financial statements which have not been, and were not intended to be, prepared in accordance with Canadian generally accepted accounting principles, are solely for the information and use of the Members of the Authority, the participating municipalities and the Ontario Ministry of Natural Resources. The financial statements are not intended to be and should not be used by anyone other than the specified user, or for any other purpose.

1. DESCRIPTION OF BUSINESS

The Authority is established under the Conservation Authorities Act-Ontario. It acts as the agent for water and land conservation and management for its member municipalities.

The Authority is a registered charity and, as such, is exempt from income tax and may issue tax receipts to donors.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Significant Accounting Policies

The financial statements of the Authority are the representations of management prepared in accordance with accounting policies prescribed for Conservation Authorities in Ontario by the Ministry of Natural Resources.

Revenue and expenditures are recorded on the accrual basis of accounting. The accrual basis of accounting recognizes revenue as it becomes available and measurable and an expenditure is recognized when incurred and measurable as a result of the receipt of goods or services and the creation of a legal obligation to pay.

Revenue Recognition (Deferral Method)

The Authority follows the deferral method of accounting for contributions. Government assistance is recorded as revenue when eligible claims are determined and the expenditure incurred. Levies on member municipalities are recorded after Board of Directors' approval and recorded as revenue in the year levied. When revenue from special programs is received in advance of the related expenditure, such revenue is deferred until the year in which the expenditure is incurred.

Use of Estimates

Since precise determination of many assets and liabilities is dependant upon future events, the preparation of periodic financial statements necessarily involves the use of estimates and assumptions. These have been made using careful judgments. Actual results could differ from management's best estimates as additional information becomes available in the future. These estimates and assumptions are reviewed periodically and, as adjustments become necessary, they are reported in the periods in which they become known.

(continues)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Capital Assets

Capital Assets are stated at cost less accumulated amortization. Capital Assets are amortized over their estimated useful lives at the following rates and methods:

Land improvements - Trails Land improvements - Parking Lots	10 years 20 years	straight-line method straight-line method
Buildings - Frame	25 years	straight-line method
Building - Bricks and Steel	40 years	straight-line method
Equipment - Monitoring	8 years	straight-line method
Equipment - Other	10 years	straight-line method
Vehicles - Cars	5 years	straight-line method
Vehicles - Trucks	7 years	straight-line method
Computer equipment - Computers	3 years	straight-line method
Computer Equipment - Network/AV	5 years	straight-line method
Computer software - Computer	3 years	straight-line method
Computer software - Network/AV	5 years	straight-line method
Furniture and fixtures	10 years	straight-line method
Flood control structures	50 years	straight-line method

The organization regularly reviews its capital assets to eliminate obsolete items.

Capital Assets acquired during the year but not placed into use are not amortized until they are placed into use.

The organization has capitalization thresholds. For land improvement, building, flood control structures, equipment and vehicles, the capitalization threshold is \$3,500. For computer software, computer equipment and furniture and fixtures, the capitalization threshold is \$1,000. Furthermore, computer equipment, computer software and furniture and fixtures can be pooled, with a pool threshold of \$3,500 for each class.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Future Changes in Significant Accounting Policies

The following accounting standards have been issued by the Canadian Institute of Chartered Accountants (CICA) but are not yet effective. The organization is currently evaluating the effect of adopting these standards on their financial statements.

Section 1582, "Business combinations" replaces Section 1581 effective for years beginning on or after January 1, 2011. The principal changes are: assets, liability and equity are recognized at full fair value rather than the acquirer's interest in the fair value; a bargain purchase resulting in negative goodwill is recognized as a gain in net income in the acquisition period.

Section 1601, "Consolidated financial statements" replaces Section 1600 effective for years beginning on or after January 1, 2011. The principal change are those reflecting the changes in new Section 1582 and the recognition of non controlling interest at fair value.

Section 1602, "Non controlling interests" effective for years beginning on or after January 1, 2011 in conjunction with Section 1582, "Business combinations", and Section 1601, "Consolidated financial statements", recognizes a non controlling interest at fair value in the equity Section of the balance sheet.

Changes in Accounting Policies

For years beginning on or after January 1, 2009, Section PS3150 of the Canadian Institute of Chartered Accountants (CICA) Accounting Handbook requires that tangible capital assets be accounted for and reported as assets on the statement of financial position.

The organization completed its adoption of this requirement in 2010 in accordance with Board resolution NO.BD-157/10. This change in accounting policy was made in accordance with the transitional provisions contained therein, which required retroactive application.

In conjunction with this change in accounting policy, the organization also changed their revenue recognition policy for specific revenue relating to the acquisition and renovation of their office facilities. Previously the revenue was recognized as received from the participating municipalities. It has now been recognized in the period levied with the amounts not received being disclosed as a long term receivable.

The impact of the restatement of the financial statements as a result of this change in accounting policies are summarized in Note 11.

Capital Management Requirements

The Authority considers its capital to be its surplus and various reserve accounts as described in the Statement of Continuity of Reserves. The reserve accounts are directed by the Board of Directors. The Authority's objective when managing its capital is to safeguard its ability to continue as a going concern so it can continue to provide services to its contributors and the community. Annual budgets are developed and monitored to ensure the Authority's capital is maintained at an appropriate level.

3. FINANCIAL INSTRUMENTS

The organization's financial instruments consist of cash, accounts receivable, long term receivable, and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the organization is not exposed to significant currency risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

Credit Risk

Credit risk arises from the potential that a counter party will fail to perform its obligations. The organization is exposed to credit risk from customers. In order to reduce its credit risk, the organization reviews a new customer's credit history before extending credit and conducts regular reviews of its existing customers' credit performance. An allowance for doubtful accounts is established based upon factors surrounding the credit risk of specific accounts, historical trends and other information. The organization is exposed to credit risk as it relates to its long term receivable, as one entity represents 93% of the year end balance.

Interest Rate

Interest on the organization's bank accounts are based on variable rates. Fluctuations in the bank's prime rates would result in variations to interest income.

4. BUDGET AMOUNTS

Budget amounts presented in the statement of operations are those approved at the Board of Directors' Meeting of October 22, 2009.

5.	CAPITAL ASSETS					
					2010	2009
		Historical	Α	ccumulated	Net book	Net book
		Cost		amortization	value	value
	Land	\$ 3,818,888	\$	-	\$ 3,818,888	\$ 3,818,888

	improvements	87,834		8,580	79,254	84,165
	Flood control structures	4,814,000		2,996,320	 1,817,680	1,903,800
		\$ 11,201,378	\$	3,704,815	\$ 7,496,563	\$ 7,556,434

The organization purchased \$168,181 in capital asset additions in the year, all of which were acquired using cash.

6.	LONG TERM RECEIVABLE FROM MUNICIPALITIES	2010	2009
	Due from various municipalities for their portion of the funds used to purchase and renovate the new head office in Finch. Receivable in blended payments with interest charged at approximately prime less 1.85% (in line with organization's rate of return in its bank account).	\$ 934,712	\$ 977,324
	Amounts receivable within one year	(47,685)	(42,612)
	·	\$ 887,027	\$ 934,712
	Principal receivable terms are approximately: 2011 2012 2013	\$ 47,685 48,520	
	2013 2014 2015 Thereafter	 49,369 50,233 51,113 687,792	
		\$ 934,712	

7. RESERVES

a. Revenue Sharing

In accordance with the Ministry of Natural Resources Revenue Sharing Policy, \$1,409 (2009 - \$3,595) of interest received during the year has been transferred to the revenue sharing reserve.

b. School Programs and Memorial Fund

These reserves were established in 1998 to receive specified donations that are used to fund the School Programs and the Memorial Fund.

8. COMMITMENTS

Under the Forestry Act, the Authority may be liable to the Ministry of Natural Resources for an amount not greater than 50% of the proceeds from sale of lands for which acquisition grants were received from the Ministry of Natural Resources.

9. CREDIT FACILITIES - ROYAL BANK

The Authority has an authorized \$1,000,000 revolving demand facility by way of Royal Bank Prime based loans bearing interest at prime less 0.50% and Bankers' Acceptance with an acceptance fee of 0.40%.

This facility is secured by:

- a) General security agreement signed by the borrower constituting a first ranking security interest in all personal property of the borrower;
- b) Borrowing By-Law.

As at December 31, 2010 \$1,000,000 was available on this facility.

10. COMPARATIVE AMOUNTS

The comparative amounts presented in the financial statements have been restated to conform to the current year's presentation.

11. PRIOR YEAR RESTATEMENTS

The prior year numbers have been restated to retroactively apply the newly adopted capital asset policy. Furthermore, certain balances have been reclassified to agree with the current year's treatment. The impact of the restatement is as follows:

Change in Assets

Increase in net book value of capital assets Increase in long term receivable from municipalities Increase in accounts receivable	\$ 6	977,323 86,020
Increase in Assets	7	,080,029
