TO YOUR LOCAL
CONSERVATION AUTHORITY

Your Municipality's contribution is helping protect your local environment by:

FOSTERING LANDOWNER STEWARDSHIP

Plant over 120,000 trees per year and provide subsidies on tree purchases for landowners

Offer free site visits and resources to woodlot owners, including up to \$500 to develop forest management plans

Provide over \$65,000 annually in funding to landowners for projects that protect water quality

Manage over 20,000 acres of community forest in Eastern Ontario

PROTECTING PEOPLE AND PROPERTY AND SUPPORTING SUSTAINABLE DEVELOPMENT

Map floodplains, review construction and approve projects in and around watercourses, floodplains and wetlands

Conduct septic system inspections and permits for 12 municipalities

Operate and maintain 7 water control structures

Working to protect your drinking water through source water protection

PROVIDING NATURAL SPACES AND RECREATIONAL OPPORTUNITIES

Over 12,000 acres of public, natural space

14 day-use parks and trails, including 9 public river access points

Protect environmentally significant properties and accept land donations

Over 7,000 km of fish habitat which support 72 fish species, offering endless recreational fishing opportunities

MAKING SCIENCE-BASED DECISIONS

Collect water, fisheries, and forestry data to support development and stewardship programs

Produce Subwatershed Report Cards and other publications to report on environmental health

EMPOWERING COMMUNITIES AND YOUTH

Deliver curriculum-based education programs to over 2000 students every year; including Maple Syrup Education, Youth Fish Camps and Youth Hunt Apprenticeships

Offer over \$10,000 in Community Environmental Grants to organizations and community groups
