Re: Final Transition Report

Dear Ms. Keyes,

Please find enclosed South Nation River Conservation Authority's Final Transition Report (the "Report").

The Report was reviewed and approved by the Board of Directors on January 18th, 2024.

A copy of the Report will be shared with each of the Authority's participating and specified municipalities and made publicly available on the Authority's website.

Sincerely,

Pierre Leroux,
Chair.

2. Summary of changes to the Program and Services Inventory

Chart B of the Program and Services Inventory was updated to reflect the approved 2024 SNC Budget.

3. Update on cost apportioning agreements with participating municipalities

All sixteen participating municipalities have passed by-laws/motions to approve entering into a cost apportioning agreement. Agreement posted on Authority's website under Governance.

4. Difficulties affecting the establishment of cost apportioning agreements with participating municipalities

There were challenges scheduling delegations to councils as municipalities as they were entering their draft budget planning. Many council agendas were full, and SNRCA delegations were postponed to October, November, or December.

* **Determination of Annual Cost – Method D:** The five-year average annual cost method (Method A & B) will not reflect the future costs of SNC programs and services. The chosen method (Method D) includes current costs and better reflects the impacts to future Budgets due to the following factors:

- 1) Inflation and increasing operating costs (e.g., insurance);
- 2) Fluctuating demands in the housing market and land development;
- 3) Changes in federal and provincial government funding through natural hazard mitigation programs;
- 4) Labour market fluctuations.
